PROFILE

I'm a graphic designer and web developer based in Yola, currently studying Computer Science at Modibbo Adama University. I run DIDON CREA8IVE, a freelance design studio where I work on flyers, brand identity, and websites for clients who need their ideas to look good and actually work. I handle the full process myself, from the first sketch to a finished, working website.

SERVICES

- Flyer & Poster Design
- Brand Identity & Logo Design
- Business Card & Print Design
- Website Design & Development
- Social Media Graphics

SKILLS

Design	Adobe Photoshop, Adobe Illustrator, Canva
Development	HTML, CSS, JavaScript, React, Python, Java
Tools	Figma, Git & GitHub, Tailwind CSS

EDUCATION

Modibbo Adama University, Yola — Studying B.Sc. Computer Science

EXPERIENCE

Founder & Designer — DIDON CREA8IVE (Ongoing)

Running a freelance design studio, designing flyers, brand identities, and websites for individuals and small businesses in Yola and beyond.

Industrial Trainee — Software Development Unit

Trained in web development fundamentals — HTML, CSS, JavaScript — and modern frontend tools including React, Vite, and Tailwind CSS.
